Re: Amendment to add additional organisms and minor label changes adding updated precautionary statements and first aid for D.O.D. for Service Wing Organic Solutions, LLC.

Dear Mr. Fuller:

An initial submission was made in error for this submission on September 4, 2020. A recode request (A570) has been requested from Mick Yanchulis and should be completed once the PRIA receipt, attached to this submission is received.

This submission includes adding additional organisms to the label by citing the identical product's efficacy data. This product is identical in formulation and labeling to Ecoflo Anolyte (EPA Reg. No. 91582-1). We are also choosing to add a Toxicity Category III signal word, precautionary statement and first aid for eye irritation at the request of California Department of Pesticide Registration.

The following documents were submitted in the original submission:

- Cover Letter
- EPA Form 8570-1
- EPA Form 8570-34 Certification for Data Citation
- EPA Form 8570-35 for EUP Agency Internal Use Copy Changes Tracked
- EPA Form 8570-35 for EUP Agency Internal Use Copy
- EPA Form 8570-35 for EUP Public Copy
- Product Label Changes Tracked
- Product Label

This submission includes the following updated documents, these same documents from the previous submission can be rejected:

- Cover Letter
- Product Label Changes Tracked
- Product Label
- PRIA Receipt (75% waiver request)
- Small business waiver package

If you have any questions regarding this submission, please contact me at 877-227-2597.

Sincerely,

Jeremy D. Malone
